BEAR HUNTS

Klotz Lake Camp is family operation since 1958. We specialize in bear hunting and fishing. We have a large bear management area in a bear rich environment. For this reason we accept a **limited number** of hunters per week to assure you of a quality hunt. Our baits are all actively hit and our harvest rate is 80% plus. When you harvest your trophy you are free to enjoy our wonderful world class fishing on our pristine waters. Enjoy a northern sunset and the northern lights to complete your up north experience.
